

SCRHA – Sponsor Saddle Series proposal.

- Bring on board as many other Australian Affiliates as possible to help promote Reining in Australia and help the affiliates to grow their memberships.
- SCRHA to bring on board a saddle sponsor to help promote their product within the Reining Horse Industry in Australia and maximise sales.
- Advantages – attract more members to attend more affiliate shows to earn points - attract more members to SCRHA. This should also transfer to more attendance for SCRHA National Show. Hopefully attract more affiliates to use the SCRHA show secretary system and then being able to on charge the use of this system earning funds for SCRHA to fund these series. Riders may hopefully be encouraged to enter more concurrent events also.
- Affiliate saddle series to start 1.1.2020 and finish at the SCRHA show on 26.9.2019.
- Offer 3 saddles in the series to Youth , Non Pro and Open riders.
- Points to be accumulated instead of earnings for all placings at affiliate shows, this being fairer than having it recorded via earnings due to the fact that different affiliates have very different prizemoney to offer.
- Riders to be members of the SCRHA and whatever affiliate club they choose to be associated with. Do not need to be members of NRHA or RA
- They must attend the SCRHA National Show. This show would be a double point's show.
- Affiliates to send points results to SCRHA after each show or if using the SCRHA Show Secretary system, this will automatically be recorded by the SCRHA. If clubs not using the SCRHA system then Clubs will need to have a tick box on entry form as to whether they are members of the SCRHA or not.
- Youth- points will be recorded for any youth rider in Youth classes, Rookie Level one and two, Limited non Pro (If rider enters both Rookie L1 and 2 they must select which level they want their points calculated from to make it fair for those that can only enter one level)
- Non Pro – Points to be recorded for the following classes- Limited Non Pro, Int Non Pro, Open Non Pro excluding youth .
- Open – points to be recorded for any open rider / Non Pro rider that enters the following events – Limited Open, Int Open, Open and Rookie Professional -sanctioned open events- Run a horse/rider combination. Owners need to be members of SCRHA and maybe open riders could use this to their advantage in getting their clients horses to shows.
- *Points to be calculated on a nominated Horse / Rider combination for all divisions .A \$50 fee to be charged for every horse rider nomination after the first one.*

- SCRHA to be the recording entity of the points.
- Affiliates maybe allocate one particular show a year for members to earn double points ie; their state show?
- *If a rider earns out of a class throughout the year we continue with the current system where you are allowed to enter that event for the whole year based on what your eligibility is at the beginning of the year.*

If your affiliate is interested in becoming a part of our saddle series or if you have any queries , please sign off on this form below along with your Affiliate name, Committee position and contact detail and someone from the SCRHA committee will call you to discuss.
